Welcome word

The SSS launched the YSSS (Young Swiss Society Senologists) subgroup in 2018, chaired by Dr Thanh Lam (Geneva) who was asked to recruit young doctors (up to 45 years of age) who would like to continue their education in the field of senology.

Dr Thanh Lam in cooperation with PD Dr Claudia Rauh (Bern) are now organising a Masterclass for young potential senologists.

Apart from the fact that this master class will be an educational tool, it is particularly well suited for the young medical professionals to network, exchange ideas, ask questions and get to know some of the key players in senology.

We look very much forward to welcoming you to this masterclass in Bern.

On behalf of the scientific committee,
Swiss Society of Senology

Dr Thanh Lam

PD Dr Claudia Rauh

Kind thanks to our sponsors
