

SSS Diploma Courses

Your official guide through the corona-related changes to the SSS Diploma course

- 1. The persons responsible for the diploma together with the SSS board and the congress organization have examined all possibilities to hold course 1B of 26. /27. November 2020 virtually in order not to have to postpone or even cancel it. Unfortunately, no solution could be found that meets the high-quality requirements of a face-to-face course.
- 2. The courses were reorganised face-to-face as follows:

Module 1A: March 10 – 12, 2021 Hotel Aquatis, Lausanne
Module 1B: November 25/26, 2021 Novotel Zurich City-West

All registrations for the courses in 2020 will automatically be carried over to the courses above.

3. The deadline within which the 3 modules (1a; 1b \rightarrow 70 CME credits and module 3 \rightarrow 2 weeks at a certified breast centre) must be completed has been extended by one year to **4 years**.

November 2020
